Americas Business Practices Subcommittee Focuses on Regulation SHO

The Americas Business Practices subcommittee has created a document focused on how Regulation SHO can and will be implemented through FIX. The write-up defines fields and workflow for FIX communications between customers and suppliers regarding location of securities for short sale transactions. The document is located in the "What's New" section of the home page. [1 December 2004]

FPL Announces New Pricing Structure and Enhances New Member Value Proposition

The Global Steering Committee (GSC) of FPL is pleased to announce several key changes to FPL's membership fee structure as part of a strategic effort to enhance the value proposition for FPL membership. Details are located in the Join FPL section of the website. [6 October 2004]

FPL Announces Launch of New Website

FPL is pleased to announce the launch of its re-developed website www.fixprotocol.org. The new site has a new, crisp, clean look, restructured and enhanced menus and screen displays, and a completely overhauled, modernized website infrastructure. [15 September 2004]
